

CSC 4350: Software Engineering
Spring 2018
Date: January 24, 2018
Group Name: Alpha Medical Systems

Team Members:
Christopher Luu
Jakub Pietrasik
Justin Phung
Daniel Sepe
Zijie Qiu(Eric)

Project Topic

Our project will deal with the area of healthcare. The goal of the software is to create a network that allows doctors and patients to communicate more efficiently and effectively. Different departments of a hospital should have instant access to information, such as appointment schedules, illnesses, insurance, and prescriptions.
